

COHORT PROCESSING

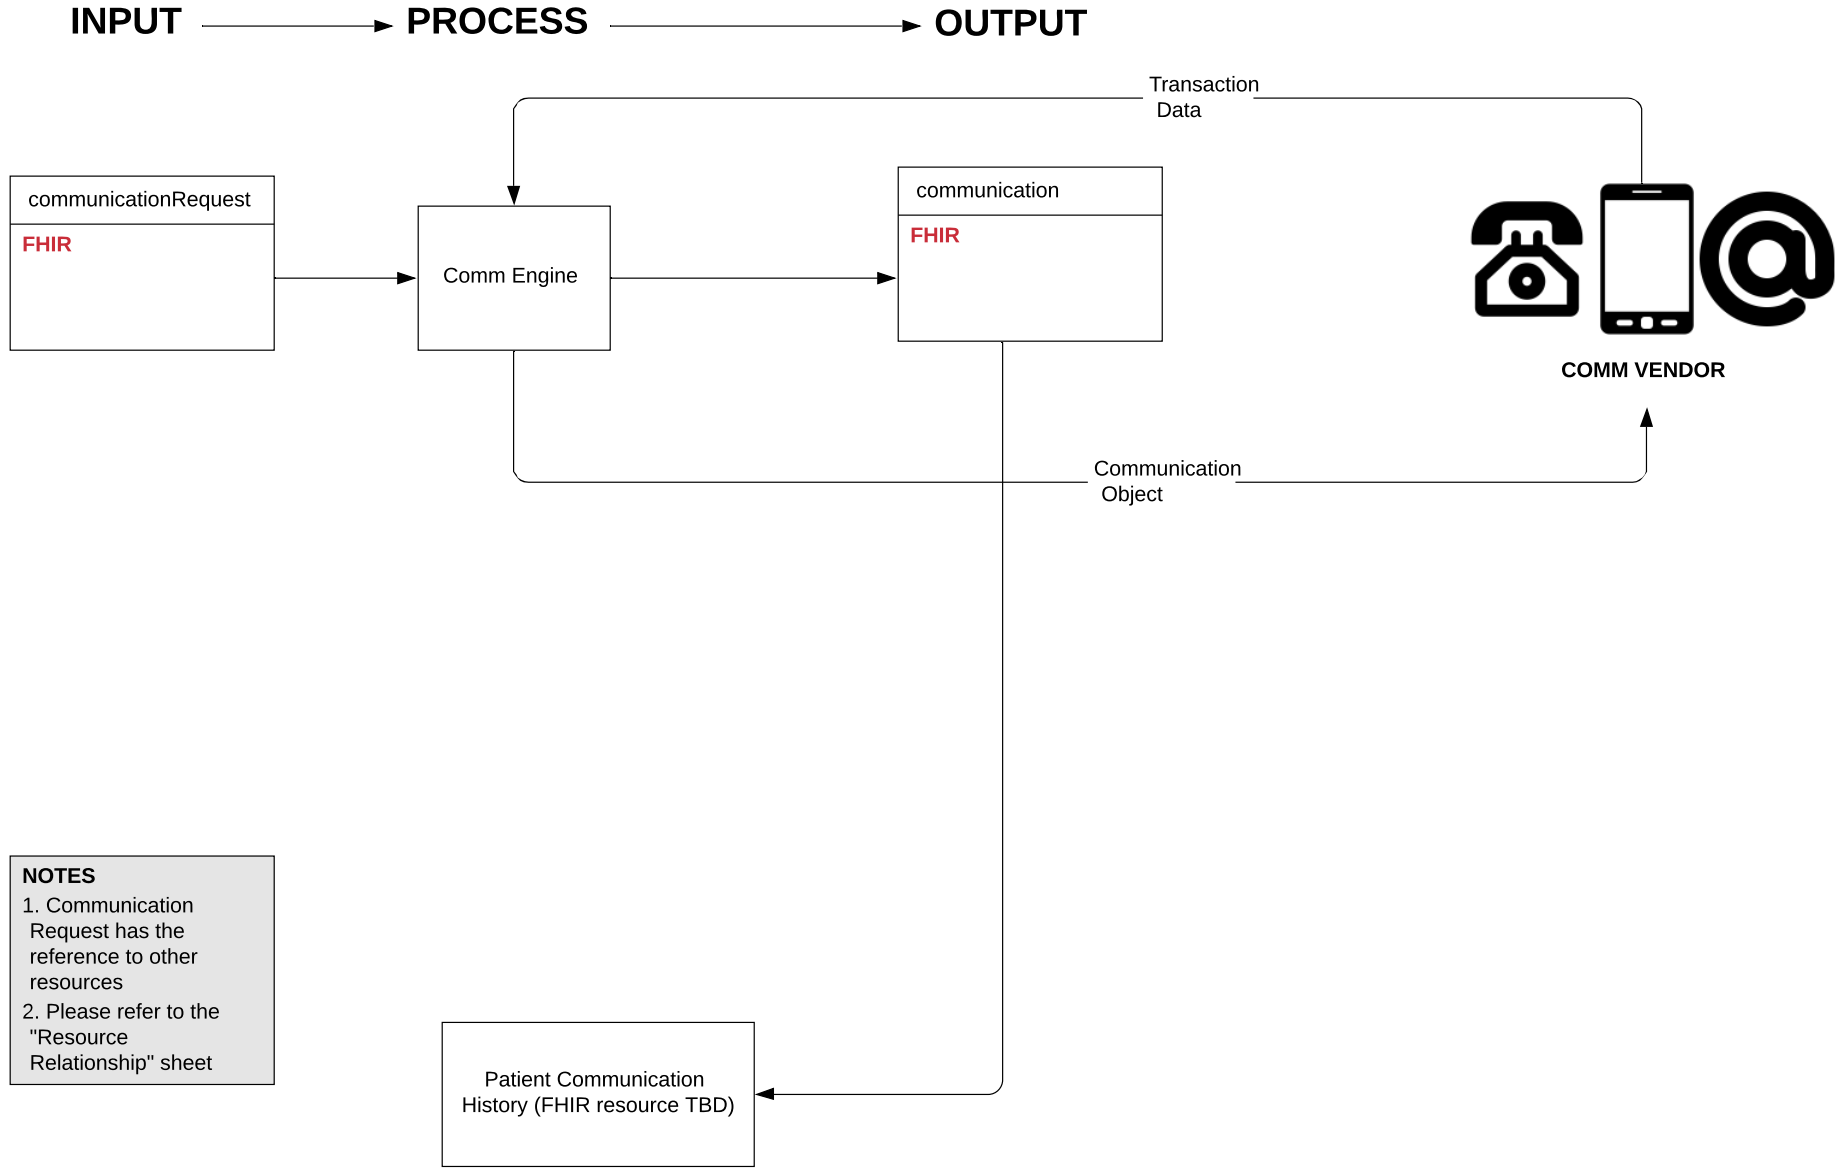

ATC PROCESSING

Assumptions - CarePlan

- Care plans will only be created for care-gaps (outreach), source primarily from MeasureReport resources created by the Cohort Engine
- One care plan will be created for each attributed PractitionerRole (Provider/Location)
- Care plans will not be created at Organization, Contract or CIN levels
- Not using PlanDefinition or ActivityDefinition at this time, may consider later if it fits

COMMUNICATION

- NOTES
- Communication Request has the reference to other resources
 - Please refer to the "Resource Relationship" sheet
